

4th Lewes Scout Standard Camp Kit List

Scouts will need to bring their own personal equipment / kit to camp, and should be encouraged to pack it themselves. The items listed below are a guide, Please use your own experience to fill in the gaps. Only you know what you think you may need at camp.

Please ensure **all items are labelled with your Scouts name**. Rucksacks or Holdalls are the best for camp, The tents we are taking simply DO NOT have enough space to contain scouts & suitcases!

Please note we will be camping within tents in a field, It is therefore essential that you have waterproof boots or shoes. Trainers very quickly absorb moisture from grass and cause cold wet toes very quickly.
